

Government & Military Purchasers FAQ

Q: Is CBT Nuggets available through GSA?

A: Yes, and you can purchase CBT Nuggets directly through [GSA Advantage](#).

Q: Is CBT Nuggets a Sole Source Provider?

A: Yes, we produce all of our own training on a broad range of topics.

Q: Does CBT Nuggets have training on CompTIA Security+? Or CISSP?

A: Yes, we offer training on a wide variety of vendors and technologies, including a large number of security courses in both [Network Security](#) and general [IT Security](#).

Q: Can CBT Nuggets integrate with our Learning Management System (LMS)?

A: Our training is compatible with Learning Management Systems that support SCORM, LTI, AICC, and TinCan, making it easy to provide our training in a variety of ways. Contact us to discuss integration with your specific system.

Q: Can CBT Nuggets scale to a large number of users?

A: Absolutely! Whether through a streaming solution, LMS, or on-site server, we can provide a training solution no matter the size of your team.

Q: As a government/military purchaser, we have special security concerns. Can CBT Nuggets address these issues?

A: We have several solutions, including the [Nugget Learning Server](#), which allows you to host all of our training via an on-site server, while still having access to our tools and administrative interface. Contact us to discuss your specific security needs.

Q: Does CBT Nuggets offer reporting and administrative tools to track users and training?

A: All delivery methods that we offer have reporting and administrative tools, so you can see who is training, what they are watching, and how often they watch.

Q: Does CBT Nuggets offer special government pricing or discounts?

A: We offer tiered pricing based on the number of licenses you need. Any orders placed through GSA will receive a 4% discount, subject to adding the Industrial Funding Fee. Contact a sales person today to get a quote for a custom solution.
